

ZAKŁAD MECHANICZNO - SLUSARSKI

## MIRPOL PRESENTATION

### **ABOUT US**

Our Toolshop MIRPOL designs and manufactures since 1997 tools and tooling accessories for a wide range of customers. We have our own design office. For our design and production purposes, we apply the software programs CAD / CAM. In our work, we use state-of-the-art machine tools from renowned firms. We keep investing on a regular base to upgrade our stock of machines.

### **KNOW-HOW AND EXPERIENCE**

Our aim is to fulfill the customers' expectations. By means of our knowledge and experience, we do our best in order to supply our customers with high quality products while meeting convenient deadlines.

### **BUSINESS LOCATION**

We are located on the premises of the company Katarzynki Akcesoria Meblowe Sp. z o.o.

### **OUR OFFER**

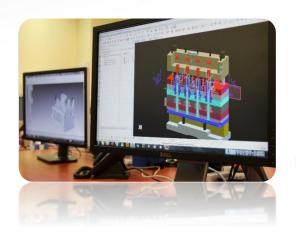

We garantee the high quality of offered products and services and we assure the application of modern technical and organizational solutions. Our partners can be confident about our schedule reliability for assumed tasks and they can rely on our ability to adapt in a flexible way to special requirements of customers. Our offer includes also technical consultancy related to the maintenance and use of our products.

### **OUR OFFER COMPRISES**

- ✓ Press moulds
- ✓ Injection moulds for aluminium
- ✓ Punching dies for steel and aluminium sheets
- ✓ Tooling accessories accordingly to submitted documentation
- ✓ Possibility to carry out technological tests
- ✓ Manufacture of prototypes 3D outprints in the FDM technology

### **DESIGN OFFICE**

We run our own design office with a longstanding experience and excellently qualified designers. We prepare the technical documentation for all kinds of moulds, punching dies and other devices.

### THE SOFTWARE WE USE

- ✓ Software for construction of tooling accessories CAD SOLID EDGE ST 7 and CAD NX 9
- ✓ Software for operation control of machines CNC CAM NX CAM EXSPRES 9

### **OUR STOCK OF MACHINES**

MIR POL

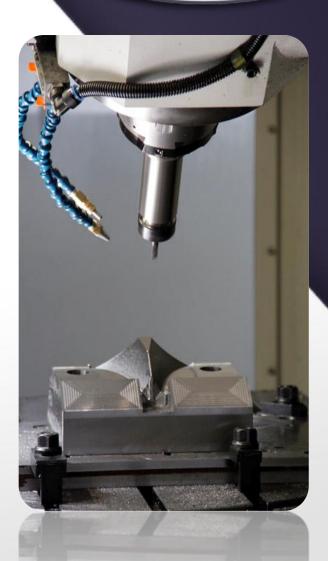

- √ 5-axes CNC milling machine
- ✓ Milling center CNC AVIA VMC 800
- ✓ Milling center CNC HAAS VF3 630mm x 1035mm
- ✓ Milling center NC AVIA FNC 40 600mm x 400mm
- ✓ Turning center CNC HAAS fi 200mm x 600mm
- √ Wire cutting machine GF AgieCharmilles CUT 20 P
- ✓ Manual turning lathes
- ✓ Manual milling machines
- ✓ Surface grinders
- ✓ Cylindrical grinders
- ✓ Erosion machine
- √ 3D printer uPrint Plus
